

Dear SEMICON Taiwan 2017 Exhibitors,

As of 19:00 on 12 September, Typhoon Talim is projected to track to the north of Taiwan with decreasing threat of direct landfall on Taiwan. The storm, however, remains possible that the Taipei area could be affected over the next 72 hours.

While it appears the storm center will not make landfall on Taiwan, tropical systems are unpredictable and as such we must remain vigilant. SEMI is taking measures to ensure the safety of all event participants should the Taipei city government issue a work cancellation order during the week of SEMICON Taiwan.

[NEW UPDATE] - Event Contingency Plan

The highest risk for work cancellation is likely to be Thursday, 14 September. Only in the event the Directorate-General of Personnel Administration, Executive Yuan issues a work cancellation order for 14 September, will SEMI implement a revised event schedule as follows:

Wednesday, 13 September, 10:00 – 17:00

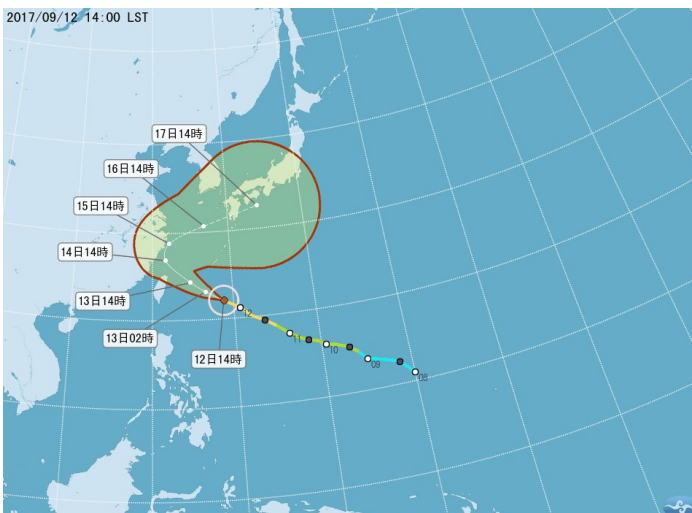

Thursday, 14 September – Closed

Friday, 15 September, 10:00 – 17:00

Saturday, 16 September, 10:00 – 16:00

**In the event of a work cancellation order, all programs scheduled on September 14 will be cancelled. SEMI is reviewing options for making program content available at a future date, including through online broadcast.

**In the event SEMICON Taiwan show hours are disrupted by a work cancellation order, the 2018 Onsite Space Selection Appointment Schedule will be adjusted accordingly. SEMI will notify affected exhibitors via email and via the SEMICON Taiwan website (www.semicontaiwan.org/en/exhibit)
