FairGuide.com and EXPOGUIDE Scam Alert!

With the ongoing solicitations, SEMI would like to continue to alert you to the two organizations soliciting internet Event Directory listing information in a misleading manner. The two organizations are Austrian based FairGuide and Mexican based ExpoGuide. By submitting these forms, exhibitors are contracted into a three-year, non-retractable agreement totaling nearly US\$3,000. This is an on-going issue and is not related to the SEMICON Taiwan Event Directory. These companies do not represent SEMI in any manner. If you receive a form from these companies, please ignore it.

If you are a U.S. company that has been targeted by either organization, it is important to lodge a complaint with the Federal Trade Commission (www.ftc.gov) file a complaint online.

Additional information on the Expo Guide, Fair Guide and other Construct Data Verilog publications is available on the UFI (www.ufi.org)
